MCC Laws of Cricket (2017 Code, 3rd Edition) + ICC Playing Conditions par mabni
2026 Edition • Beginners aur Regular Players dono ke liye

Bhai ke liye khaas - Easy Language, Poora Guide

Contents - Is PDF Mein Kya Hai?

1.	Cricket Kya Hai? - Basic Introduction
2.	Ground, Pitch aur Wicket - Measurements
3.	Bat, Ball aur Equipment
4.	Teams aur Har Player Ka Role
5.	Toss, Innings aur Match Ka Start
6.	Overs - Kitne Overs, Kaise Ginne Jaate Hain
7.	Batting Ke Rules
8.	Bowling Ke Rules - Legal Delivery Kya Hai
9.	Fielding Ke Rules aur Field Positions
10.	Runs Kaise Bante Hain - Boundary aur Running
11.	Extras - Wide, No Ball, Bye, Leg Bye, Penalty
12.	Out Hone Ke 10 Tareeqe - Poori Detail
13.	Umpire, Third Umpire aur DRS
14.	Formats - Test, ODI, T20 Ka Farq
15.	Powerplay aur Fielding Restrictions
16.	Tie, Super Over aur Result Ke Rules
17.	Barish aur DLS (Duckworth-Lewis-Stern) Method
18.	Follow-on, Declaration aur Innings Break
19.	Spirit of Cricket aur Code of Conduct
20.	Naye Rules 2024-2026 - Kya Badla Hai?
21.	Gully / Street Cricket Mein Kaam Aane Wale Rules
22.	Quick Revision - 1 Page Mein Sare Rules

Kaise Parhna Hai: Agar tum bilkul naye ho to 1 se 12 tak sequence mein parho. Agar sirf match dekhte ho aur rules samajhna hai to Section 12 (Out) aur Section 11 (Extras) sab se pehle parho, wahi sab se zyada confusion hoti hai.

1. Cricket Kya Hai?

Cricket 2 teams ke darmiyan khela jaane wala bat aur ball ka khel hai. Ek team batting karti hai (runs banati hai) aur doosri bowling + fielding karti hai (runs rokti hai aur batsmen ko out karti hai). Dono teams baari baari batting aur bowling karti hain. Aakhir mein jis team ke runs zyada honge, woh jeet jayegi. Agar runs barabar ho jayen to match Tie ya Super Over mein ja sakta hai.

Cricket ka asal maqsad simple hai: **Zyada runs banao, kam runs do, aur opponent ke 10 wickets lo.** Lekin is simple maqsad ke andar 42 MCC Laws hain jo har choti cheez ko cover karte hain - pitch se lekar umpire ke signal tak.

Cricket Ke 3 Basic Kaam

- **Batting:** Batsman ball ko hit karke runs banata hai aur apni wicket bachata hai.
- **Bowling:** Bowler ball phenkta hai taake batsman out ho ya runs na bana sake.
- **Fielding:** Baqi 10 players ground mein khare hokar ball rokte hain, catch pakarte hain aur run out karte hain.

Har match mein 2 umpire ground mein hote hain, 1 third umpire TV par, aur 1 match referee jo discipline dekhta hai. International cricket mein DRS (Decision Review System) bhi hota hai.

2. Ground, Pitch aur Wicket

Ground

Cricket ground oval shape ka hota hai, koi fixed size nahi hota lekin ICC ke mutabiq boundary 65 se 90 yards (59 se 82 meter) tak hoti hai. Centre mein 22 yards lambi pitch hoti hai. Boundary rope se bahar ball jaaye to 4 ya 6 milta hai.

Pitch - 22 Yards Ka Raaz

Pitch ki lambai **22 yards (20.12 meter)** hoti hai. Dono ends par 3-3 stumps lage hote hain. Pitch ke dono taraf crease lines hoti hain:

- **Popping Crease:** Batsman ko is line ke andar rehna hota hai warna run out / stumped ho sakta hai. Ye stumps se 4 feet (1.22m) aage hoti hai.
- **Bowling Crease:** Jahan stumps lage hote hain. Bowler ka paer is line ko cross nahi kar sakta warna No Ball.
- **Return Crease:** Bowler ke dono taraf ki lines, bowler ko inke andar reh kar ball karni hoti hai.

Wicket / Stumps

Har end par 3 wooden stumps hote hain, jin ki oonchai **28 inches (71.1 cm)** hoti hai aur kul chaurai 9 inches hoti hai. Stumps ke upar 2 choti bail rakhi hoti hain. Jab bail gir jaye ya stump ukhar jaye to wicket down maani jaati hai. Batsman ko out karne ke liye bowler ya fielder ko bail girani hoti hai.

Important Measurements - Yaad Rakhne Wali

Cheez	Measurement
Pitch ki lambai	22 yards / 20.12 meter
Stumps ki oonchai	28 inches / 71.1 cm
Stumps ki kul chaurai	9 inches / 22.86 cm
Popping crease ka faasla	Stumps se 4 feet aage
Boundary (International)	65 - 90 yards
Ball ka wazan (Men)	155.9g - 163g
Bat ki max lambai	38 inches / 96.5 cm
Bat ki max chaurai	4.25 inches / 10.8 cm

3. Bat, Ball aur Equipment

Bat

Bat lakdi (willow) ka hota hai. Handle aur blade do hisse hote hain. Bat ki lambai 38 inches se zyada nahi ho sakti. Aaj kal bat ki motai par bhi limit hai - edge 40mm aur spine 67mm se zyada nahi ho sakti. Ye rule is liye aaya taake batting itni aasan na ho jaye.

Ball

Cricket ball laal, safed ya pink ho sakti hai. Test mein laal ball, ODI aur T20 mein safed ball, aur Day-Night Test mein pink ball use hoti hai. Ball ka wazan mardon ke liye 155.9g se 163g tak hota hai. Nayi ball swing zyada karti hai, purani ball reverse swing aur spin ke liye behtar hoti hai.

- **Test:** 80 overs ke baad bowling team nayi ball le sakti hai.
- **ODI:** Dono ends se 2 nayi ball use hoti hain.
- **T20:** Ek innings mein 1 hi ball use hoti hai, sirf kho jaane ya kharab hone par badli jaati hai.

Protective Equipment

- **Helmet, Pads, Gloves, Thigh Guard, Box, Arm Guard:** Batsman ke liye zaroori. Wicket-keeper bhi gloves aur pads pehenta hai.
- **Wicket-keeper ke gloves:** Sirf keeper hi gloves pehen kar catch kar sakta hai. Baqi fielders ko haath se hi catch karna hota hai.
- **Umpire ka signal:** Agar ball kho jaye ya kharab ho jaye to umpire usay same condition wali ball se badal deta hai.

4. Teams aur Har Player Ka Role

Har team mein **11 players** hote hain. 12th player sirf substitute fielder ban sakta hai, wo batting ya bowling nahi kar sakta (sirf concussion substitute ka exception hai). Playing 11 toss se pehle announce karni hoti hai, uske baad change nahi ho sakti.

Roles

- **1. Opener Batsmen (2):** Innings shuru karte hain, nayi ball ka samna karte hain.
- **2. Middle Order (3-4):** Innings ko sambhalte hain, tez ya slow khelte hain situation ke hisaab se.
- **3. All-Rounder (1-2):** Batting aur bowling dono karte hain. Team ka balance inhi se banta hai.
- **4. Wicket-Keeper (1):** Stumps ke peeche khara hota hai, catch, stumping aur run out karta hai. Aaj kal keeper se batting bhi expect ki jaati hai.
- **5. Fast Bowlers (2-3):** Tez ball karte hain, swing aur bounce se out karte hain.
- **6. Spin Bowlers (1-2):** Ball ko ghumate hain, slow ball se batsman ko phansate hain.
- **7. Captain:** Fielding set karta hai, bowling change karta hai, toss karta hai. Captain ka decision final hota hai.

Impact Player Rule (IPL / Domestic T20): Toss ke waqt 5 substitutes mein se 1 Impact Player ko kabhi bhi batting ya bowling ke liye laaya ja sakta hai. Ye rule sirf kuch leagues mein hai, International T20 mein nahi hai.

5. Toss, Innings aur Match Ka Start

Toss

Match se pehle dono captains toss karte hain - coin uchhala jaata hai. Toss jeetne wala captain decide karta hai ke pehle batting karni hai ya bowling. Toss jeetna strategy ka hissa hai: pitch, mausam, dew aur target ka andaza laga kar faisla hota hai.

Innings Kya Hai?

Innings ka matlab hai ek team ki batting ki baari. Test mein har team ko 2-2 innings milti hain. ODI aur T20 mein har team ko 1-1 innings milti hai. Innings tab khatam hoti hai jab:

- 10 wickets gir jayen (10 batsmen out ho jayen, kyunke 2 batsmen hamesha crease par hote hain).
- Overs khatam ho jayen (ODI mein 50 overs, T20 mein 20 overs).
- Captain innings declare kar de (sirf Test mein).
- Captain match haar maan le ya innings forfeit kar de (bohat rare).

Not Out Batsman: Jo batsman innings ke end tak out nahi hota, use Not Out likha jaata hai. Uske runs to gine jayenge lekin wo out nahi mana jayega.

6. Overs - Kitne Overs, Kaise Ginne Jaate Hain

Ek over mein **6 legal balls** hoti hain. Wide aur No Ball ko over mein nahi gina jaata, unki dobara ball karni hoti hai. Over khatam hone par bowler change hota hai aur doosre end se bowling hoti hai.

- **Ek bowler lagatar 2 over nahi kar sakta.** Usay kam se kam 1 over ka gap dena hota hai.
- **Test:** Din mein 90 overs ka target hota hai, lekin overs ki koi limit nahi - jab tak 10 wickets ya 5 din khatam na hon.
- **ODI:** Har team 50 overs khelti hai. Har bowler max 10 overs kar sakta hai.
- **T20:** Har team 20 overs khelti hai. Har bowler max 4 overs kar sakta hai.
- **T10:** Har team 10 overs, har bowler max 2 overs.

- **The Hundred:** 100 balls ki innings hoti hai, bowler max 20 balls kar sakta hai.

Over Rate: Agar bowling team slow over karti hai to penalty lagta hai - T20 aur ODI mein fielding restrictions ya fine, Test mein WTC points kaat liye jaate hain.

7. Batting Ke Rules

Crease par hamesha 2 batsmen hote hain - ek striker (jo ball ka samna karta hai) aur ek non-striker (doosre end par). Har ball par striker badal sakta hai agar runs liye jayen ya over khatam ho.

Batsman Kya Kar Sakta Hai?

- Ball ko bat se ya body ke kisi hisse se rok sakta hai, lekin jaan boojh kar haath se ball nahi pakar sakta (Handled the Ball - ab Obstructing the Field mein shamil hai).
- Ball ko kahin bhi maar sakta hai - aage, peeche, upar. Koi boundary nahi ke kidhar maarna mana hai.
- Run lene ke liye doosre end tak bhaag sakta hai. Run poora tab mana jayega jab dono batsmen apni crease cross kar len.
- Apni wicket bachane ke liye crease ke andar rehna zaroori hai. Agar bahar nikla to run out / stumped ho sakta hai.

Batsman Kya Nahi Kar Sakta?

- Pitch ko jaan boojh kar kharab nahi kar sakta - spikes se pitch par daurna mana hai.
- Fielder ko jaan boojh kar rok nahi sakta (Obstructing the Field out hoga).
- Bowler ke run-up ke dauran crease se bahar nahi nikal sakta aur distract nahi kar sakta.
- Retired Hurt ke baghair bahana bana kar bahar nahi ja sakta. Agar Retired Out hua to wo out mana jayega.

Retired Hurt vs Retired Out

Retired Hurt: Agar batsman zakhmi ho jaye ya tabiyat kharab ho to bahar ja sakta hai aur baad mein wapas aa sakta hai. Ye out nahi mana jaata. **Retired Out:** Agar bina wajah bahar gaya (tactical wajah se) to wo out mana jayega aur wapas nahi aa sakta. IPL 2022 se ye rule laagu hai.

8. Bowling Ke Rules

Bowler ka kaam hai ball ko seedha haath ghuma kar (overarm) phenkna. Haath ko 15 degree se zyada modna (throwing / chucking) illegal hai. Bowler ko bowling crease ke andar se ball karni hoti hai.

Legal Delivery Ke 5 Shartein

- **1. No Ball na ho:** Bowler ka agla paer popping crease ke peeche hona chahiye. Agar paer line par ya aage hai to No Ball.
- **2. Haath seedha ho:** Elbow 15 degree se zyada bend nahi hona chahiye.
- **3. Ball seedhi aaye:** Ball ko 2 bounce se zyada nahi karna chahiye. Agar ball 2 se zyada bounce kare to No Ball.

• **4. Full Toss kamar se upar na ho:** Agar full toss batsman ki kamar se upar aaye to No Ball. Tez bowler ke liye ye rule sakht hai.

• **5. Bouncer ki limit:** ODI aur T20 mein 1 over mein sirf 2 bouncer (kandhe se upar wali ball) allowed hain, Test mein bhi limit hai. Zyada bouncer par No Ball.

Bowling Ke Types

• **Fast Bowling:** 140 km/h se upar, swing aur bounce par focus.

• **Medium Pace:** 120-135 km/h, swing aur cutters par focus.

• **Off Spin:** Ball off se leg ki taraf ghoomti hai (right hand batsman ke liye).

• **Leg Spin:** Ball leg se off ki taraf ghoomti hai. Googly iska ulta hota hai.

• **Left Arm Spin / Chinaman:** Left haath se spin.

Mankading - Run Out at Non-Striker End

Agar non-striker batsman bowler ke ball karne se pehle crease se bahar nikal jaye to bowler usay run out kar sakta hai. Ise Mankading kehte hain. Pehle ise Spirit of Cricket ke khilaf samjha jaata tha lekin ab MCC ne isay bilkul legal Run Out karar diya hai. Warning dena zaroori nahi hai. 2022 ke baad se ye rule official hai.

Bowler Ka Over Kahan Se?

Bowler umpire ko batata hai ke wo over the wicket (stumps ke upar se) ya round the wicket (side se) bowling karega, aur left ya right haath se. Agar badalna ho to umpire ko batana zaroori hai warna No Ball ho sakta hai.

9. Fielding Ke Rules aur Field Positions

Fielding team ke 11 mein se 1 bowler, 1 wicket-keeper aur 9 fielders hote hain. Captain field set karta hai - kahan kaun khara hoga. Fielding ka maqsad hai runs rokna aur catch / run out se out karna.

Fielding Ke Basic Rules

• Fielder ball ko haath se rok sakta hai, lekin cap, towel ya kisi aur cheez se nahi rok sakta. Agar aisa kare to 5 penalty runs milenge.

• Boundary par catch lete waqt fielder ka paer boundary rope ko touch nahi karna chahiye, warna 6 hoga. Agar fielder hawa mein ball ko andar phenk de aur phir andar aakar pakar le to wo legal catch hai.

• Fielder batsman ko jaan boojh kar distract nahi kar sakta, na hi fake fielding kar sakta hai (jaise ball na hone par throw karne ka natak). Is par 5 penalty runs lagte hain.

• Wicket-keeper ko stumps ke peeche hi rehna hota hai jab tak ball bowler ke haath se na nikal jaye. Agar aage aaye to No Ball.

Field Positions - Naam Yaad Rakho

Position	Kahan Hoti Hai
Slip / Gully	Keeper ke paas, batsman ke peeche - fast bowler ke liye
Point / Cover	Off side par, batsman ke samne - tez shots rokne ke liye
Mid Off / Mid On	Bowler ke dono taraf, seedhe shots ke liye
Mid Wicket	Leg side par, pull shot ke liye
Fine Leg / Third Man	Keeper ke peeche dono taraf - fine shots ke liye
Long On / Long Off	Boundary par seedha - chhakke rokne ke liye
Deep Square Leg	Leg side boundary par
Silly Point / Short Leg	Batsman ke bilkul paas - spin ke liye, helmet ke saath

Off Side = Right-hand batsman ke liye uske daayen taraf. Leg Side = Baayen taraf. Ye samajhna fielding samajhne ke liye sab se zaroori hai.

10. Runs Kaise Bante Hain

Runs 3 tareeqon se bante hain: bhaag kar, boundary maar kar, aur extras se.

Bhaag Kar Runs

Dono batsmen ek end se doosre end tak bhaagen to 1 run. Agar 2 baar bhaagen to 2 runs. Is mein koi limit nahi - agar fielder ball na pakar sake to 3 ya 4 runs bhi bhaag kar liye ja sakte hain. Run tab poora hota hai jab batsman ka bat ya paer crease ke andar ground ko touch kare. Agar short run liya (crease cross na ki) to umpire wo run kaat dega.

Boundary - 4 aur 6

- **FOUR (4 Runs):** Agar ball zameen par lag kar boundary rope ko touch kare ya paar kare to 4 runs. Umpire daayen haath ko daayen se baayen hilata hai.
- **SIX (6 Runs):** Agar ball bina zameen par lage seedha boundary ke bahar jaye to 6 runs. Umpire dono haath upar uthata hai.
- **Boundary par catch:** Agar fielder boundary ke andar se jump karke ball pakar le aur uska paer rope ko na lage to out hai, warna 6.

Overthrow

Agar fielder ka throw miss ho jaye aur ball boundary tak chali jaye to batsman ko throw wale runs + boundary ke 4 runs milenge. 2019 World Cup Final mein isi overthrow par bada controversy hua tha, uske baad rule clear kiya gaya ke overthrow ke runs us waqt gine jayenge jab throw kiya gaya tha.

11. Extras - Wide, No Ball, Bye, Leg Bye

Extras wo runs hain jo batsman ke bat se nahi, bowler ya fielder ki galti se bante hain. Ye team ke total mein judte hain lekin batsman ke personal score mein nahi judte (No Ball par bat se bana run batsman

ko milta hai).

1. Wide Ball - 1 Run + Extra Ball

Agar ball batsman ki pahunch se itni door ho ke wo usay normal shot se nahi maar sakta to Wide hai. Umpire dono haath faila kar signal deta hai. Wide par 1 run milta hai aur ball dobara karni hoti hai. Wide par batsman sirf stumped ya run out ho sakta hai, bowled ya LBW nahi.

2. No Ball - 1 Run + Free Hit (Limited Overs Mein)

No Ball tab hota hai jab bowler ka paer crease se aage ho, ball kamar se upar full toss ho, ya ball 2 se zyada bounce kare. No Ball par 1 run milta hai aur ball dobara karni hoti hai. No Ball par batsman sirf run out ho sakta hai, baqi out nahi.

Free Hit: ODI aur T20 mein No Ball ke baad agli ball Free Hit hoti hai. Is par batsman sirf run out ho sakta hai, bowled / LBW / catch par bhi out nahi hota. Free Hit par batsman khul kar maar sakta hai. Free Hit ki ball agar Wide ya No Ball ho jaye to phir se Free Hit milti hai.

3. Bye - Ball Bat / Body Ko Lage Baghair Nikal Jaye

Agar ball bat ya body ko lage baghair keeper ke paas se nikal jaye aur batsmen run le len to Bye ke runs milte hain. Ye batsman ke score mein nahi, extras mein judte hain.

4. Leg Bye - Ball Body Par Lage

Agar ball batsman ke pads ya body par lag kar door jaye aur batsmen run le len to Leg Bye milta hai. Lekin shart ye hai ke batsman ne shot khelne ki koshish ki ho ya ball se bachne ki koshish ki ho. Agar jaan boojh kar body aage ki to Leg Bye nahi milega.

5. Penalty Runs - 5 Runs

5 penalty runs tab milte hain jab koi team cheating ya dangerous kaam kare - jaise ball ko tamper karna, pitch ko kharab karna, fielder ka cap se ball rokna, ya batsman ka jaan boojh kar fielding rokna. Umpire ek haath ko doosre kandhe par rakh kar signal deta hai.

12. Out Hone Ke 10 Tareeqe - Poori Detail

Cricket mein out hone ke kul **10 tareeqe** hain. Har tareeqa alag situation mein hota hai. Inko yaad rakhna har cricket fan ke liye zaroori hai.

Out Ka Naam	Kaise Hota Hai	Common?
1. Bowled	Ball stumps ko lag kar bail gira de	Bohat Common
2. Caught	Batsman ki shot ko fielder / keeper / bowler hawa mein pakar le, ball zameen par na lagi ho	Sab se Common
3. LBW	Ball pads par lage aur umpire ko lage ke ball stumps ko lagti	Bohat Common
4. Run Out	Batsman crease se bahar ho aur fielder bail gira de	Common
5. Stumped	Keeper aage nikle batsman ko crease se bahar dekh kar bail gira de, sirf spinner par zyada	Common
6. Hit Wicket	Batsman khud apne bat ya body se apni wicket gira de	Rare

7. Obstructing the Field	Batsman jaan boojh kar fielder ko ball pakarne / throw karne se roke	Bohat Rare
8. Timed Out	Naya batsman 2 min (Test) / 2 min (T20) mein crease par na pahunche	Bohat Rare
9. Retired Out	Batsman bina wajah bahar jaye aur wapas na aaye	Rare
10. Hit Ball Twice	Batsman ball ko ek baar maarne ke baad dobara jaan boojh kar maare (wicket bachane ke ilawa)	Sab se Rare

LBW - Sab Se Mushkil Rule, Aasan Zabaan Mein

LBW ka matlab hai Leg Before Wicket. Agar ball batsman ke pads (ya body) par lage aur umpire ko lage ke agar pads na hote to ball stumps ko lagti, to LBW out hai. LBW ke liye 3 shartein zaroori hain:

- **1. Ball pitching:** Ball leg stump ke bahar pitch na hui ho. Agar leg side ke bahar pitch hui to LBW nahi hoga.
- **2. Impact:** Ball off stump ke bahar lagi ho to bhi LBW ho sakta hai agar batsman ne shot nahi khela. Agar shot khela hai to impact in-line hona chahiye.
- **3. Hitting Stumps:** Ball ka rasta stumps ko lagna chahiye. Agar ball stumps ke upar se ya side se nikal rahi hai to Not Out.

DRS mein LBW ke liye **Umpire's Call** hota hai - agar ball stumps ko halka sa bhi touch kar rahi hai to field umpire ka faisla hi rehta hai.

Caught - Kya Catch Legal Hai?

Catch tab legal hai jab ball bat ya gloves (bat pakre hue haath) se lag kar hawa mein jaye aur fielder usay zameen par lagne se pehle pakar le. Agar ball pehle zameen par lagi to Not Out. Agar fielder ne ball pakar kar boundary ke bahar paer rakh diya to 6 hoga, catch nahi.

Timed Out - Naya Rule Jo Famous Hua

2023 World Cup mein Sri Lanka ke Angelo Mathews Timed Out hue - pehli baar International cricket mein. Rule ye hai ke naya batsman 2 minute ke andar crease par ready hona chahiye. Agar helmet ka strap kharab ho ya late aaye to bhi out ho sakta hai. Is liye naya batsman hamesha jaldi ready hokar aaye.

Mankading = Run Out Hai

Jaisa pehle bataya, Mankading ab Run Out hi hai. Ise alag out nahi samjho. Bowler ko warning dene ki zaroorat nahi.

13. Umpire, Third Umpire aur DRS

Field Umpires (2)

Ek umpire bowler ke end par, ek square leg par khara hota hai. Wo Out, Not Out, Wide, No Ball, Four, Six, Bye sab ke faisle karte hain. Umpire ka faisla final hota hai jab tak DRS na liya jaye.

Third Umpire (TV Umpire)

Third umpire TV replay dekh kar faisla karta hai - run out, stumping, catch, boundary, ya No Ball check ke liye. Field umpire usay signal de kar poochta hai.

DRS - Decision Review System

Har team ko har innings mein **2 reviews** milte hain (Test mein) aur **2 reviews** ODI/T20 mein. Agar review sahi nikla to review wapas mil jaata hai, galat nikla to khatam ho jaata hai. Captain ya batsman ko 15 second ke andar T signal bana kar review lena hota hai.

- **Ball Tracking (Hawk-Eye):** LBW ke liye ball ka rasta dikhata hai.
- **UltraEdge / Snicko:** Bat par ball lagi ya nahi, ye batata hai.
- **Hot Spot:** Infra-red camera se bat par ball ka nishan dekha jaata hai.

Umpire's Call: Agar Hawk-Eye mein ball stumps ko halka sa lag rahi hai (50% se kam) to field umpire ka faisla hi rahega. Is se umpire ki izzat bhi rehti hai aur technology ka bhi faida hota hai.

Umpire Ke Famous Signals

Signal	Matlab
Ek ungli upar	OUT
Dono haath upar	SIX
Daaya haath daayen se baayen	FOUR
Dono haath failaye	WIDE
Ek haath kamar par, doosra aage	NO BALL
Haath sar ke upar, phir neeche	DEAD BALL
Haath kandhe par	5 PENALTY RUNS
Haath se TV ki taraf ishara	THIRD UMPIRE KO REFER

14. Formats - Test, ODI, T20 Ka Farq

Format	Overs	Din	Khaas Baat
Test	Unlimited	5 Din	2 innings, Laal Ball, Sabar ka khel
ODI	50 Overs	1 Din	1 innings, Safed Ball, 2 nayi ball
T20	20 Overs	3 Ghante	Tez khel, Free Hit, Powerplay
T10	10 Overs	90 Min	Bohat tez, har ball par chhakka
The Hundred	100 Balls	2.5 Ghante	England ki league, 5 ya 10 balls ka set

Test Cricket Ke Khaas Rules

- Har team 2 innings khelti hai. Match 5 din ka hota hai, roz 90 overs ka target.
- Agar 5 din mein result na nikle to match Draw hota hai - chahe ek team aage hi kyun na ho.

- Innings declare ki ja sakti hai taake jeetne ke liye waqt bache.
- Follow-on ka rule sirf Test mein hai (aage parho).

ODI Ke Khaas Rules

- 50 overs, har bowler max 10 overs.
- Powerplay 3 hisson mein hota hai.
- Agar match barish se ruke to DLS se target badalta hai.

T20 Ke Khaas Rules

- 20 overs, har bowler max 4 overs.
- Free Hit, Super Over, aur Strategic Timeout (IPL mein).
- Agar match tie ho to Super Over hota hai.

15. Powerplay aur Fielding Restrictions

Powerplay ka matlab hai shuru ke overs mein fielding par pabandi - taake batting team ko faida mile aur match mazedar ho.

T20 Powerplay

- Pehle **6 overs** Powerplay hote hain. Is mein 30-yard circle ke bahar sirf **2 fielders** ho sakte hain.
- 7 se 20 overs tak circle ke bahar max **5 fielders** ho sakte hain.

ODI Powerplay

- **Powerplay 1 (Overs 1-10):** Circle ke bahar sirf 2 fielders.
- **Powerplay 2 (Overs 11-40):** Circle ke bahar max 4 fielders.
- **Powerplay 3 (Overs 41-50):** Circle ke bahar max 5 fielders.

Agar fielding team Powerplay ke rule ko tode to umpire No Ball de dega. Is liye captain ko field set karte waqt hamesha ginti rakhni hoti hai.

Test Mein Koi Powerplay Nahi

Test mein koi fielding restriction nahi hai. Captain chahe to sare 9 fielders boundary par khara kar de. Yehi Test ko alag banata hai.

16. Tie, Super Over aur Result Ke Rules

Match Tie Kab Hota Hai?

Agar dono teams ke runs barabar ho jayen aur overs bhi khatam ho jayen to match Tie hota hai. Test mein Tie alag hota hai - jab 5 din mein dono teams ki 2-2 innings poori ho jayen aur runs barabar hon. Test mein zyada tar match Draw hota hai, Tie bohat rare hai.

Super Over - T20 aur ODI Knockout Mein

Limited overs mein Tie hone par **Super Over** hota hai - har team ko 1 over (6 balls) milta hai. Jo team Super Over mein zyada runs banaye, wo jeet jaati hai. Agar Super Over bhi Tie ho jaye to phir se Super Over hoga jab tak winner na mile. 2019 World Cup Final ke baad boundary count wala rule khatam kar diya gaya hai - ab sirf Super Over se faisla hota hai.

- Super Over mein jo bowler pehle bowling karega, wo hi baad mein batting karega? Nahi - Super Over mein batting order ka faisla captain karta hai, aur jo batsman pehle Super Over mein out ho gaya wo dobara batting nahi kar sakta.
- Super Over mein 3 batsmen hi batting kar sakte hain. Agar 2 wickets gir jayen to innings khatam.

Result - Win, Loss, Draw, No Result, Abandoned

- **Win:** Ek team jeet gayi.
- **Draw (sirf Test):** 5 din khatam, koi winner nahi.
- **No Result:** Barish ki wajah se match poora na ho sake aur DLS se bhi result na nikle.
- **Abandoned:** Match shuru hi na ho sake barish / kharab ground ki wajah se.

17. Barish aur DLS Method

Agar barish ki wajah se match ruke to overs kam kar diye jaate hain. Lekin pehle batting karne wali team ne poore overs khele aur doosri team ko kam overs milen to target kaise set hoga? Is ke liye **DLS (Duckworth-Lewis-Stern) Method** use hota hai.

DLS ek mathematical formula hai jo 2 cheezon ko dekhta hai: **1) Kitne overs bache hain, 2) Kitni wickets bachi hain.** Jitni zyada wickets bachi hongi, utna hi target zyada hoga. Is liye DLS mein wickets bachana bohat zaroori hai.

- DLS ka target hamesha pehle wale target se thora zyada ya kam ho sakta hai, ye wickets aur overs par depend karta hai.
- Agar match mein kam se kam 20 overs (T20) ya 20 overs (ODI) ki doosri innings na ho sake to No Result hota hai.
- T20 World Cup 2024 mein kai matches DLS se hue - is liye captain ko hamesha DLS par nazar rakhni hoti hai aur barish se pehle DLS par score se aage rehna hota hai.

18. Follow-on, Declaration aur Innings Break

Follow-on - Sirf Test Mein

Agar pehle batting karne wali team doosri team se **200 ya zyada runs** aage ho jaye (5 din ke Test mein) to wo doosri team ko dobara batting karne par majboor kar sakti hai. Ise Follow-on kehte hain. 200 runs ka faasla 5 din ke match ke liye hai, 4 din ke liye 150, 3 din ke liye 100, aur 2 din ke liye 75 runs hai.

Follow-on ka faida ye hai ke jeetne wali team ko dobara batting nahi karni parti aur match jaldi khatam ho sakta hai. Lekin risk ye hai ke agar doosri team achi batting kar le to match draw ya haar bhi sakta hai.

Declaration

Test mein captain apni innings ko beech mein khatam karne ka elaan kar sakta hai taake opponent ko out karne ke liye waqt bache. Ise Declaration kehte hain. Ye tab hota hai jab team ko lagta hai ke uske paas kaafi runs hain aur ab bowling karke jeetna hai.

Innings Break

ODI mein innings break 30 minute ka hota hai, T20 mein 10-20 minute ka. Test mein Lunch (40 min) aur Tea (20 min) break hote hain.

19. Spirit of Cricket aur Code of Conduct

Cricket ko Gentleman's Game kehte hain. MCC ne Spirit of Cricket likha hai jo kehta hai:

- Umpire ka faisla maan lo, chahe galat lage. DRS hai to use karo, behas mat karo.
- Opponent ki izzat karo, sledging mein hadd se aage mat jao.
- Agar tumhe pata hai ke tum out ho to khud chal do (Walk) - ye achi spirit hai, lekin zaroori nahi.
- Zakhmi player ko help karo, aur jaan boojh kar kisi ko nuksan mat pahunchayo.

Code of Conduct - Saza Kya Milti Hai?

- **Level 1:** Umpire se behas, ganda ishara - Fine ya warning.
- **Level 2:** Ball tampering, opponent ko dhakka - Match fee ka 50-100% fine + 1-2 match ban.
- **Level 3:** Umpire ko dhamki, bohat gandi gaali - 4-8 match ban.
- **Level 4:** Umpire ko maarna, bohat bada tashadud - Umar bhar ka ban bhi ho sakta hai.

Ball Tampering: 2018 mein Australia ke Sandpaper scandal ke baad ball tampering par saza aur sakht kar di gayi. Ball par thook (saliva) lagana COVID ke baad se ban hai, lekin paseena (sweat) lagana allowed hai.

20. Naye Rules 2024-2026 - Kya Badla Hai?

- **1. Mankading ab Run Out hai:** Pehle ye alag law tha, ab ye Run Out ke law mein shamil hai. Warning ki zaroorat nahi.
- **2. Saliva Ban Permanent:** Ball ko chamkane ke liye thook lagana ab hamesha ke liye ban hai.
- **3. New Batsman Strike Par:** Agar catch out par batsmen ne run ke liye cross bhi kar liya ho to bhi naya batsman hi strike par aayega. Pehle cross karne wala batsman strike par rehta tha. Ye rule 2022 se badla.
- **4. Timed Out 2 Minute:** Pehle 3 minute tha, ab Test aur T20 dono mein 2 minute hai.
- **5. Obstructing the Field aur Handled the Ball Ek Ho Gaye:** Ab dono ko Obstructing the Field kehte hain.
- **6. Stop Clock (ODI/T20):** 2024 se ODI aur T20 mein har over ke darmiyan 60 second ka Stop Clock hai. Agar bowling team late kare to 5 penalty runs.
- **7. Smart Replay / DRS Upgrade:** Ab TV umpire ke paas zyada angles aur fast review system hai.
- **8. Concussion Substitute:** Agar player ke sar par ball lage to uski jagah same type ka player aa sakta hai jo batting/bowling bhi kar sakta hai. Ye rule Test, ODI, T20 sab mein hai.

21. Gully / Street Cricket Mein Kaam Aane Wale Rules

Gully cricket mein ICC ke sare rules nahi lagte, lekin ye basic rules har jagah same hain:

- **Ek Haath Catch Out:** Gully mein aksar rule hota hai ke ek haath se catch pakra to out, lekin ICC mein aisa koi rule nahi. Ye sirf mohalle ka rule hai.
- **Last Man Standing:** Agar aakhri batsman bacha ho to wo akela batting kar sakta hai, lekin run ke liye usay dono taraf bhaagna hota hai. ICC mein aisa nahi hota - 10 wickets girte hi innings khatam.
- **One Bounce, One Hand:** Ye bhi gully ka rule hai, professional mein nahi.
- **Tape Ball:** Pakistan mein tape ball cricket bohat mashhoor hai. Is mein ball par tape lagi hoti hai taake swing zyada ho. Basic rules same hain, bas ball alag hai.
- **Tip:** Gully mein khelte waqt pehle hi tay kar lo ke LBW hoga ya nahi, Wide kya hoga, aur No Ball par Free Hit hogi ya nahi. Warna har ball par larai hogi!

22. Quick Revision - 1 Page Mein Sare Rules

Agar match dekhne se pehle sirf 2 minute hain to ye yaad rakho:

Topic	Ek Line Mein Rule
Over	6 legal balls = 1 over
Wide	Batsman ki pahunch se door ball = 1 run + extra ball
No Ball	Paer aage ya kamar se upar ball = 1 run + Free Hit + extra ball
Four	Ball zameen par lag kar boundary paar = 4 runs
Six	Ball bina bounce ke boundary paar = 6 runs
Out	Bowled, Caught, LBW, Run Out, Stumped sab se zyada hote hain
LBW	Ball pads par lage aur stumps ko lagti = Out
Powerplay	Shuru ke overs mein fielding par pabandi
DRS	Galat faisle ko challenge karne ka system, 2 reviews
Super Over	Tie match ka faisla 1 over se
DLS	Barish mein target badalne ka formula

AAKHRI BAAT - CRICKET SEEKHNE KA BEST TAREEQA

Rules parhna kaafi nahi, match dekhte waqt rules ko dekhna seekho. Jab bhi umpire signal de, socho ke usne kyun diya. Jab bhi DRS ho, socho ke LBW ke 3 rules kya kehte hain. 5-6 matches aise dekhoge to sare rules khud hi yaad ho jayenge. Aur haan, gully mein khelna mat chhoro - wahi se asli cricket seekhi jaati hai!
